

PHOTOGRAPH, VIDEO OR AUDIO RECORDING DEVICE POLICY

- In any clinical, simulation, classroom, or lab setting, students are not permitted to use devices (including cell phones, computers, etc.) to obtain and/or transmit confidential information (including photos of patients, families, visitors, personnel, faculty and/or students).
- Doing so may be considered to be a violation of federal privacy laws (for example HIPAA or FERPA) and at minimum a breach of professional behaviors required of student nurses.
- This will result in an "Unsatisfactory" clinical, simulation, classroom, or lab experience and possible dismissal from the nursing program.
