

SUBSTANCE ABUSE TESTING POLICY

Clinical agencies have the right to monitor the health care providers within their institutions with respect to substance or illegal drug use.

Procedure

- When RMU nursing students attend clinical experiences, the student is subject to the institutional policies and procedures related to substance or illegal drug use.
- If the institution requires drug testing of the students, the policy and procedures of the institution must be followed.
- Students must incur the cost of laboratory testing.
- All RMU nursing students will be subject to random drug testing.
