

ADMISSION TO DNP PROGRAMS

Admission to the PMHNP Certificate Program

Requirements

- A master's or doctoral degree in nursing from an accredited college or university
- National certification as a nurse practitioner
- A minimum QPA of 3.25. If the QPA is below 3.25 the student may be given the option of taking the GRE for admission consideration
- Current CV or resume
- Essay on goals and expectations for education and career
- A faculty interview

Procedure

Applicants may view and complete the [online application](#).

Applicants also are required to participate in a personal interview with the nursing faculty/program director.

When the online application is complete, the file will be reviewed. On the basis of an interview and other materials submitted by the applicant, the graduate advisor will submit recommendations final approval. The applicant will receive notification of acceptance status from the Admissions Office.
